

**CONDUCT OF PUBLIC SEMINAR**

As a prerequisite for both Ph.D. and certain master's degrees, the successful completion of a public seminar is mandatory. The primary objectives of this seminar are twofold. Firstly, it provides doctoral and master's students with a valuable platform to present and share their thesis or dissertation research with an audience. This allows them to showcase their work and communicate their findings effectively. Secondly, the seminar serves as an interactive and constructive forum that encourages feedback, enabling students to engage in meaningful discussions and gain valuable insights from the audience's perspectives.

Please find attached the public seminar flowchart along with the corresponding prescribed form.
