

APPOINTMENT OF AN EXTERNAL CRITIC

In consultation with the Thesis/Dissertation Adviser, the student is responsible for selecting an External Critic or Examiner, in addition to the other committee members. The External Critic must be chosen from outside the student's academic unit or department. This ensures an impartial and objective evaluation of the thesis/dissertation work and brings an external perspective to the examination process.

Attached herewith is the flowchart detailing the process for appointing an external critic or examiner, accompanied by the prescribed form for your reference.
